Alliant Powder - Reloader's Guide
Alliant Powder’s Reloader’s Guide isn’t as useful as the Hodgdon Reloading Data Center, but if you prefer using an Alliant Powder, it will still get the job done. One thing to note about the Alliant Powder Reloader’s Guide is that it provides recipes rather than ranges for powder, which makes it more difficult to figure out how much of ...

Shooter's Reference Load Data for
Alliant gives load data for the .270 Winchester, .280 Remington and .35 Whelen, in addition to the .30-‘06 parent case, and though RL-15 is on the faster end of the spectrum for those cases, it will work, and work well. It also gives good performance in some of the magnum cases, such as the WSMs, WSSMs and even the 7mm Remington Magnum and ...

The widest range of shooting accessories at very competitive prices with products are backed by our customer service & extensive product knowledge.

Alliant Powder - Selway Armory
Alliant Power Pistol. The fireball out the barrel powder. The lets make it "4th of July" whenever we shoot it powder. This would be the best 9 MM powder on earth, if it was more versatile and didn't light up the whole city when you shoot it ... Some of these loads are above any manufacturer data. Load at your own risk. What we load doesn't mean ...

Alliant Power Pistol - NATO Reloading
There is another way to approach this deficiency in the Alliant data. Find an equivalent load using a Win hull; there will be many loads listed using Win primers. Find a load with the speed you are looking for with pressures about or a bit less than the 10K psi range. Then, use the Rem hull instead of the Win hull.
