Axe Heads And Identity An
As Mark Edmonds has highlighted, and has become widely recognised, the stone axe-head was a crucial token of identity and value (Edmonds 1995; 2012b). From the choice of materials, the production of distinctive forms of implements, and the treatment that many axe-heads received, it is evident that they were ‘focal’ objects (Cooney 2008: 206); therefore the meanings which were...
