# Read PDF Berkeley Db Java Edition Tutorial

Welcome to Berkeley DB Java Edition (JE). JE is a general-purpose, transaction-protected, embedded database written in 100% Java (JE makes no JNI calls). As such, it offers the Java developer safe and efficient in-process storage and management of arbitrary data. You use JE through a series of Java APIs which give you the ability to read and ...

## **Chapter 1. Introduction to Berkeley DB Java Edition**

In Berkeley DB Java Edition, an object of class Environment is mandatory to work with a BDB database. The first step in opening the database is creating this Environment object with a call to “new Environment”. The first argument to this

# Read PDF Berkeley Db Java Edition Tutorial

call is the path where the data of the environment (including the databases in it) is located.
