## **Introducing Phonetics And Phonology Answer**

In a certain respect  
phonetics and  
phonology deal with  
many of the same  
things since they both  
have to do with speech  
sounds of human  
language. Typically,

This book examines some of the ways in which linguists can express what native speakers know about the sound system of their language.

Intended for the absolute beginner, it requires no previous background in linguistics, phonetics or phonology.
