Tropical Forest Products produces its own honey in Wales and England as well as importing organic honey and beeswax from Africa. We've been doing this since 1990 and were the first company to bring organic African honey to the UK. This honey comes from small-scale forest beekeepers in Zambia, Ethiopia and Cameroon, using traditional bark hives.

Tropical Forest Products - Home Page

Abstract Tropical forests offer many more products than the category for which they are best known, viz. wood products. They can supply a host of raw materials, such as resins, oils, fibres and fruits, which collectively represent a commercial value far higher than is generally recognized.
